ALEXANDRIAN GETS 20 YEARS

Cockrell Guilty of Murder in the Second Degree

HIS MOTHER SWOONS

Condemned Man Receives Verdict With Apparent Indifference—Will Be Sentenced Today.

Washington, June 4.—Philip Shirley Cockrell was found guilty of second degree murder for killing his wife, Pearl Hortense Cockrell, June 31, 1918, yesterday. Cockrell faces a sentence of life or a minimum of 20 years imprisonment. The jury was out six hours.

Cockrell received the verdict with apparent indifference but his mother, Mrs. Clara Cockrell, collapsed and had to be carried out of the court room. Justice Gould remanded Cockrell for sentence, which will be imposed today, unless his counsel give notice of an appeal. His attorneys would not say last night what action would be taken.

Cockrell had been on trial since May 6 and had been in jail nearly two years. Dr. William A White, superintendent of the Government Hospital for the Insane, and his assistant, Dr. John Lind, a neurologist, both had testified he was insane.

Cockrell is 35 years of age. He began life in a small town near Warrenton and spent his early manhood in Alexandria, as a glass worker. There he met Pearl Godfrey, whom he afterward married and then killed with an iron pipe as she lay in bed ridiculing him for trying to persuade her to stop dancing with other men and remaining out until late at night.

The trial of Cockrell consumed almost a month before Justice Gould.

Spiritualism figured in the proceedings when the mother of the slain woman testified spirits warned her the prisoner was guiltless and also had informed her that a sister of Mrs. Cockrell would faint if she appeared against the prisoner.

TURNER HELD FOR THE GRAND JURY

Slayer of T. Morgan Moore Arraigned In Richmond Yesterday

MISS CLARK TESTIFIES

Relates Story of Encounter With Negro—Witness Retains Her Composure Throughout Recital

Richmond, Va., June 4.—William Turner, Alexandria negro, 45 years old was held for the action of the July Federal grand jury at Alexandria following a brief preliminary hearing yesterday before Commissioner Flegenheimer on the charge of murdering T. Morgan Moore, May 22 between Alexandria and Washington. The only witness was Miss Pearl Clark, secretary to Representative Britten, of Illinois, who was Moore's financee and who was in an automobile when he was shot and instantly killed. In reply to questions from District Attorney Hiham Smith she told her story in a subdued voice, barely audible throughout the room.

She related how a negro first accosted Moore, commanding him to give up the contents of his pockets. When Moore hesitated, she said, she implored him to comply with the demand. At this juncture the negro, with pistol in hand, turned and ordered her to give up her valuables. She pulled off her gloves, she said, removing two rings from her fingers and turning them over to him. She also gave him her watch. A moment later, she said, there was an exchange of pistol shots between Moore and the bandit. She could not say haw many shots were fired, but she recalled vividly that Moore turned to her remarking in a choking voice, "He's got me." Then he fell dead. As she concluded, she turned at the suggestion of the District Attorney and looked at Turner, seated a few feet distant from her. She was not asked to identify him. A moment later she was excused and left the room in company with a deputy marshal.

Through plainly in a highly nervous state, she succeeded in retaining her composure throughout her recital. Turner, stockily built and with heavy sullen countenance, sat without counsel and made no statement. It was indicated after the hearing that Judge Waddill would provide him with a lawyer at the trial, which will likely be held here following the action of the Alexandria grand jury.

Because of the intense feeling against the negro in that section it is deemed inadvisable for the man to be tried there. Meanwhile Turner will be held in jail here for safekeeping.

Owing to the gravity of the charge he wil not be allowed bail. In the event he is freed of murder he may be prosecuted on the charge of holding up and robbing Miss Clark. Although he was shot through one of his fingers and also in the thigh, he gave no evidence yesterday that his wound were giving him any trouble. It developed that Sheriff Clements, of Alexandria County who arrested him, testified here several days ago when the case was first called. Clements said that Moore's handkerchief was found wrapped about the accused negro's wounded finger.

The bride was attired in an orchid colored gown with hat to match, a corsage bouquet of valley lilies. She was attended by her sister, Miss V. Davis, who wore a pink georgette gown, with hat to match.

Field Day Success

Interesting Events Attract Large Throng of Youngsters

The future of the Alexandria High School athletics seems perfectly safe in the hands of the youngsters who took part in the Washington street school field day yesterday afternoon under the auspices of the Y. M. C. A.

Promptly at 1 o'clock the boys were dismissed and swarmed out on the athletic field room after room until there was scarcely room to run off the events The need of an adequate athletic field for the school events was certainly emphasized very emphatically during the entire afternoon. But it was a good natured crowd and each individual athlete and room team was cheered to victory by their loyal adherents.

The summary: Standing broad jump, Lawler, 7 ft. 6 in.; second, Cornell; third, Demaine. 50 yard dash, Lawler, time 6 2-5 sec; second, Duty, third, Davis. Tug-o'-war, Fifth grade tug won by Miss St. Clair's room; Sixth grade tug won by Mrs. Springman's room, and the seventh grade tug by Miss Johnson's room.

Shuttle relay race. Fifth grade won by Mrs. Springman's room by a team lowing team: Pettitt, Davis, Harton and Langford. Sixth grade race won by Miss Springman's room by a team composed of Scott, Mason, Scribner and Lawler. Seventh grade race won by Miss Johnson's room with Anderson, Bayne Shepperson and Howard as the winning group.

Perhaps the most exciting event of the day was the potato race in which five boys went through a tiresome grind that really tested their athletic ability to the limit. The fifth grade race was won by a team from Miss Dobbins' room composed of Duty Blurt, Noonan, Sampson and Kelley. Mrs. Springman's room carried off the sixth grade honors and Mason, Straus Watkins, Chauncey and Scribner were the winning lads.

Miss Johnson's room took seventh grade honors with Wolford, Sullivan Anderson, Cochran and Cater in the winning role. The following officers handled the meet, Secretary Wallace of the Y. M. C. A., referee; Bales A. H. S., starter; Jackson, A. H. S clerk of course; Midkiff, A. H. S., and Hicks, A. H. S., judges.

His busy hands are folded,
No care is on his brow,

For we have no father now.
From a world of pain and sorrow,
To a land of peace and rest,
God has taken you dear father,
To the home of eternal rest.
You are gone, but not forgotten.

MILITARY COMPANY BEING ORGANIZED

Many Ex-Service Men Will Become Members

QUOTA REQUIRED 65

Capt. Louis N. Duffey in Charge of Plans—Soon to Open a Recruiting Office—Military Needed Here.

Alexandria soon will have a new military company. It has been without a military company since the members of Company G, First Virginia Regiment left for the Mexican border.

The arrangements for its organization are in the hands of Capt. Louis N. Duffey who is shortly to open a recruiting office in this city.

One of the prime reasons to rits organization is that a few nights ago when it was deemed necessary to call out troops an appeal made to the state authorities for outside troops. The business men of the city have been urging for some time the organization of a company.

The question was taken up by Capt. Duffey with Mayor Fisher and Adjutant General Jo Lane Stern of the state military forces.

Capt. Duffey held a meeting of a number interested Wednesday night and it was definitely decided to organize and permission was asked of Adjutant General Stern and today he received a letter from the Adjutant General together with the necessary papers for its organizations.

The minimum number to organize will be three officers and sixty-five privates. The officers will consist of a captain, first and second lieutenants. Capt. Duffey stated today that he expects to obtain from 75 to 100 men in the company.

Many former service men have agreed to join. However, he desires it distinctly understood that it will not be confined alone to ex-service men and wants all others eligibile to join the new company.

Just as soon as an organization is effected a requisition will be made to the state military authorities for guns and ammunition and then the holding of drills will be started at the armory.

Capt. Duffey served overseas as a captain in the 116th Infantry for fourteen months and previous to his overseas service he was a lieutenant in Company G, First Virginia Regiment of this city better known as the Alexandria Light Infantry.

Already a large number of names have been secured for membership in the proposed new military. The number, however, is not yet sufficient to warrant organizing. Capt. Duffey stated today that he did not anticipate any trouble in securing the required number.

IN MEMORIAM

ROBEY—In sad but loving remembrance of my devoted father JOHN T. ROBEY, who departed this life six months ago today December 4, 1919.

It was in the early morning hour
Six months ago today,
An angel of death came down to earth,
And bore my dear father away
Sleep on dear father and take your rest,
God called you home he thought it best.
In silence you suffered, in pain you bore,
Till God called you to suffer no more.
Nobly at his post he stood,
A father fond true and good,
But they little know the sorrow
That lies in my heart concealed.
His devoted daughter,
Mollie Pilkerton.
Son-in-law, James A. Pilkerton.

PLANT POTATOES

If Alexandrians have any garden space to spare by all means plant some of it to potatoes. This is the advice of the United States Department of Agriculture to gardeners who want to avoid the high prices for potatoes which seem to be in prospect for next fall. The early crop of potatoes in the Southern States is now well advanced, and soon there will be a supply of new potatoes on all the markets. These will last but a short time, however, and cannot be depended upon for use next winter. The late main crop produces most of the potatoes that go into storage and supply the winter months. Home gardeners can help to make this supply adequate.

TO ADJOURN CONGRESS

Wilson Will Call Extra Session Only in Emergency, Underwood Says

The Senate yesterday agreed to the House concurrent resolution to adjourn Congress at 4 o'clock Saturday afternoon. The resolution was laid before the body by Senator Lodge and was concurred in after amendments by Senators Kenyon, Trammell and Jones, of Washington, had been voted down.

That the President may recall Congress after it adjourns was denied yesterday by Senator Underwood, who said:

"The President's secretary has authorized me to state to the Congress that when it concludes such business as it determines, and the necessary supply bills to run the government, the President will not call them back in extraordinary session unless a grave emergency should arise."

THRILL CAUSES DEATH

Camden, N. J., June 4.—Caroline Parker, 5 years old, died yesterday in the Mary J. Ball Nursery here of heart trouble, superinduced, it is believed, by excitement at the prospect of being adopted by a wealthy family.

The girl was admitted to the nursery in 1918, after her father and mother had died during the influenza epidemic.

WILL ORGANIZE COMPANY

Captain Louis N. Duffey, an Alexandria attorney, who performed overseas service during the late war, yesterday sent a request to Adjutant General Jo Lane Stern at Richmond to forward him necessary papers for the organization of a national guard company in Alexandria.

Recently the need for a military company for this city was realized when a report was circulated here to the effect that Washington negroes were contemplating making a descent upon us for allowing a mob to form in this city for the purpose of lynching William Turner, colored, who is charged with the murder of T. Morgan Moore, a young and well-known Alexandrian. At that time Captain Duffey armed former members of the Alexandria Light Infantry, who showed their readiness to fight at home as they had abroad. Their services, however, were not needed as no attempt was made by negroes of Washington to march on this city.

In 1860 Alexandria had several well-equipped military companies these companies a year later formed part of the Seventeenth Virginia Infantry, and their services during the war between the states has often been alluded to and need no recapitulation at this time.

In 1871 a military company was organized in Alexandria. It was known as the "Alexandria Grays." This company subsequently bore the name of the Alexandria Light Infantry, under which it entered the late war.

There is every reason to believe that Alexandria in the near future will organize a company of the national guard.

HOW THE MONEY IS SPENT

"It is idle to talk of real business efficiency in the Federal Government until—well, until the nation is ready to do more than talk about it" says the Baltimore Sun. "The Washington bureaucracy, as it now exists, is probably the most skillfully designed piece of business clumsiness in the world. It avoids the general odium of a Circumlocution Office by maintaining a brisk business air, and by doing an infinite number of routine tasks easily and smoothly. But the real truth about it has never been told.

"Cynical Congressmen, in the confidences of the cloakrooms, have often whispered that the American people would rise up in wrath and "swipe them all out," if they knew how their money was being spent. The present Federal establishment is a huge congeries of functionaries whose actual work, from the point of view of results, it is difficult for the purely practical mind to see.

"The most flagrant scandal is in the overlapping and duplication of work and authority among the various departments. Instances of this evil are numberless.

"Government economy—how can it be accomplished except by ruthlessness? Red tape is an intrenched system of a century's standing; officialdom is jealous of its prerogatives and rarely consents to any concentration or co-ordination of work except under the whip of compulsion; Government clerks, harnessed to the present system, and the whole phalanx of minor officials have infinite resources in fighting change an dreform; its hue and cry is raised from a score of propaganda and interested sources whenever Congress presumes to question the worth or efficiency of any bureau. If the people knew the facts, their pressure would be overpowering; and when the burden of taxation rouses them to action, perhaps they will demand the facts."

Southern Alaskan Indian tribes use canoes with prows not unlike those of Chinese junks.

Rheumatism Back on the Job With Its Old-time Fury

No Let-Up In Its Torture.

If you are afflicted with Rheumatism, why waste time with liniments, lotions and other local applications that never did cure Rheumatism, and never will?

Do not try to rub the pain away, for you will never succeed. Try the sensible plan of finding the cause of the pain. Remove the cause, and there can be no pain.

You will never be rid of Rheumatism until you cleanse your blood of the germs that cause the disease. S. S. S. has no equal as a blood purifier, scores of sufferers say that it has cleansed their blood of Rheumatism, and removed all trace of the disease from their system.

Get a bottle of S. S. S. at your drug store and get on the right treatment to-day. If you want special medical advice, address Medical Director, 102 Swift Laboratory, Atlanta, Ga.

SIGNS ON KING'S PALACE

London, June 4.—The King of England has decided to sublet his palaces to ease the housing difficulty. Concessions so far, however are limited to members of the house hold unable to obtain accommodations in London.

His majesty offers five room furnished flats for married couples at the St. James Palace, where the Prince of Wales occupies only a few rooms, at eight guineas a week (normally about $41) and 3 room flats for five guineas (normally about $25.)

The rent includes breakfast, while lunch and dinner is obtainable from the kitchen of Buckingham Palace for $3 a day.

King George hopes his decision will influence the peers to split up their old empty town houses into furnished flats to benefit people who are forced to live in hotels.

700 MAY LOSE JOBS

Labor Saving Devices Will Create Many Vacancies Before June 30

From 500 to 700 employes of the Bureau of War Risk Insurance will be dropped from the rolls of that office before June 30, it was announced last night by Col. Max R. Wainer, assistant director in charge of personnel.

"As a result of reorganization which has been under way since last November, installation of labor saving devices and for other reasons, we are going to reduce our force to 7,500 by June 30," said Col. Wainer. "We now carry from 8,000 to 8,200 employes.

"This reduction will in no way affect the work of the bureau. It is partly due also to the decrease in the volume of our work which followed the signing of the armistice."

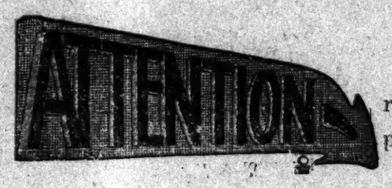
Regarding Reductions in Prices

In common with other Retail Establishments throughout the country, we are materially helping to bring down the cost of Men's Wear by the introduction of an

EXTRAORDINARY PRICE CUTTING SALE

of men's suits, shoes, hats and furnishings, where many items will be sold at actual cash losses.



Is invited to the fact that where, as in our case prices are already low, such reductions mean a great deal more than where prices have not been held down from the outset.

When we say "Ruthless Price Cutting," we mean just what the phrase stands for. At this sale a suit that formerly sold up to $35.00 will go at $18.45—of course at an actual cash loss to us. Higher grade suits are reduced 30 to 50 per cent—all well known makes. Palm Beach Suits as low as $9.95.

All W. L. Douglas shoes and oxfords are reduced 15 per cent. Rice and Hutchins and other well known makes cut to a remarkable degree. Working shoes can be purchased as low as $2.65 the pair Tennis shoes as low as 39c the pair. Men's dress shirts worth $2.50 will sell fast at $1.69—$5.00 silk fronts at $3.39 and better grades at like figures.

High grade straw hats $1.95 and upward. Men's underwear for summer as low as 95c the suit—Boys' 2 piece underwear 20c the garment. Overalls as low as $1.85 a garment—khaki trousers $2.45.

Also complete lines of boys' wash suits, straw hats, suit cases, traveling bags, trunks, neckwear, collars hosiery, etc., all embraced in this offer. Lack of space does not permit us to give more suggestions.
